

1. To install MIRC, download the program from <http://www.mirc.com/get.html>
2. Run the installer and start the program. You should see a dialog box for Options when you start for the first time. Fill in the "Full name", "Email Address", "Nickname", and "Alternative" text boxes. You of course don't have to use your real name or email address if you don't want to.

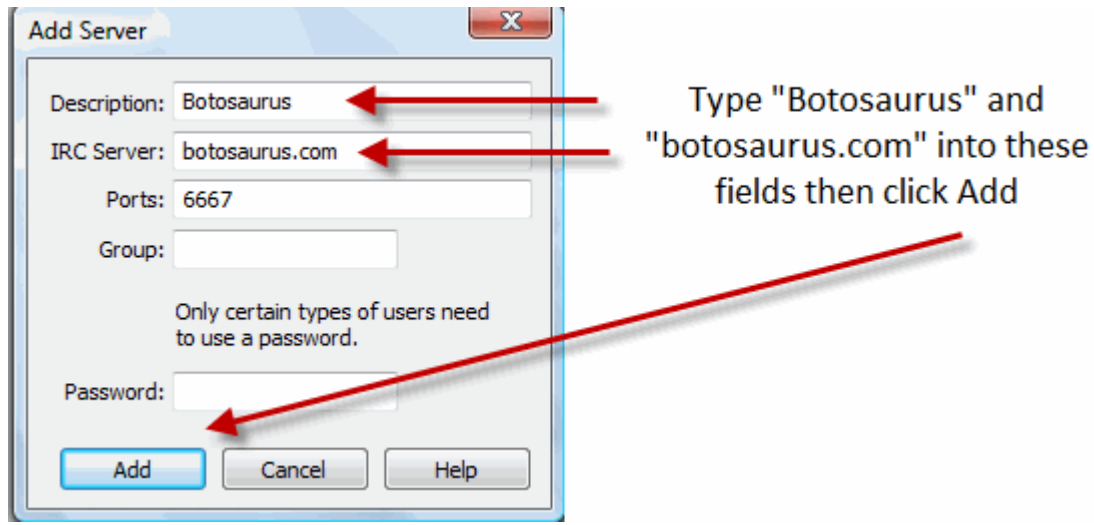

Fill out your name, email, Nickname, and Alternate (in case first nickname is in use)

3. Click on "Servers" and then the "Add" button

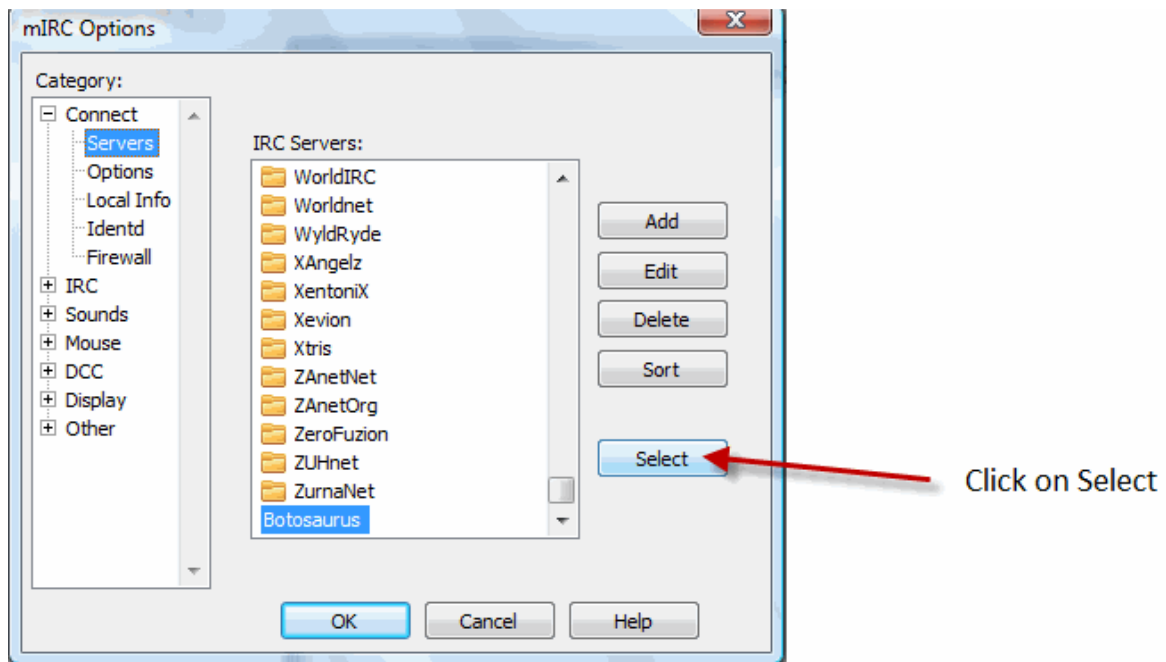

Click Servers, then Add

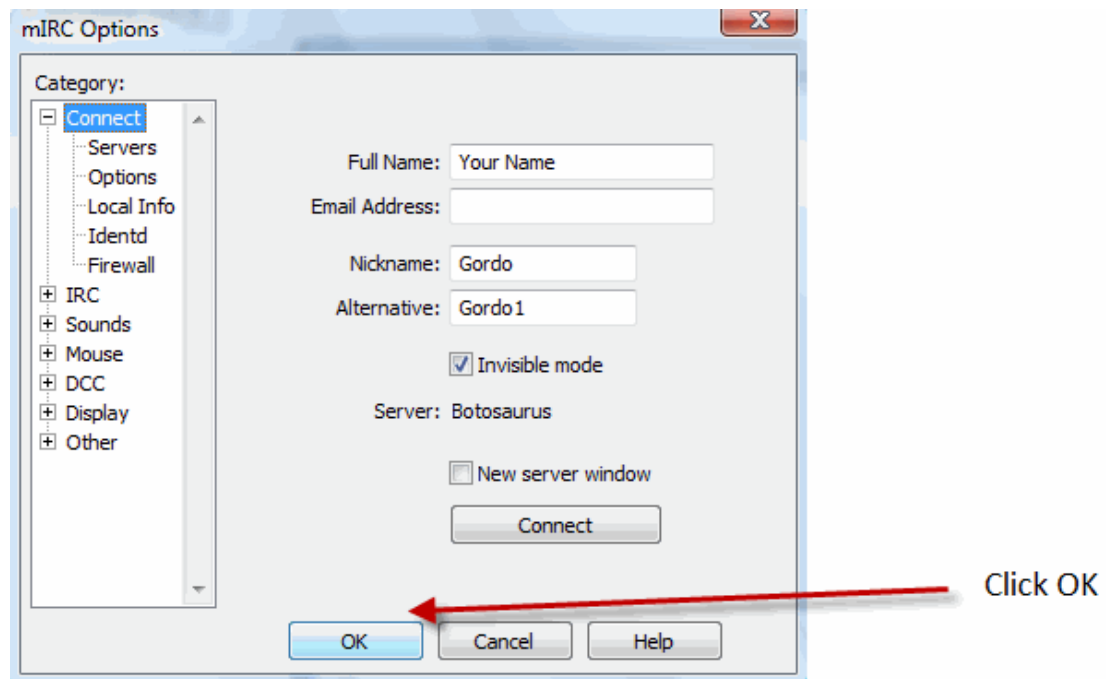

4. A new dialog box will pop up. Type in the following:

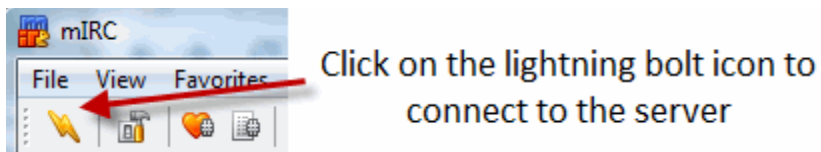

5. Click on "Select":

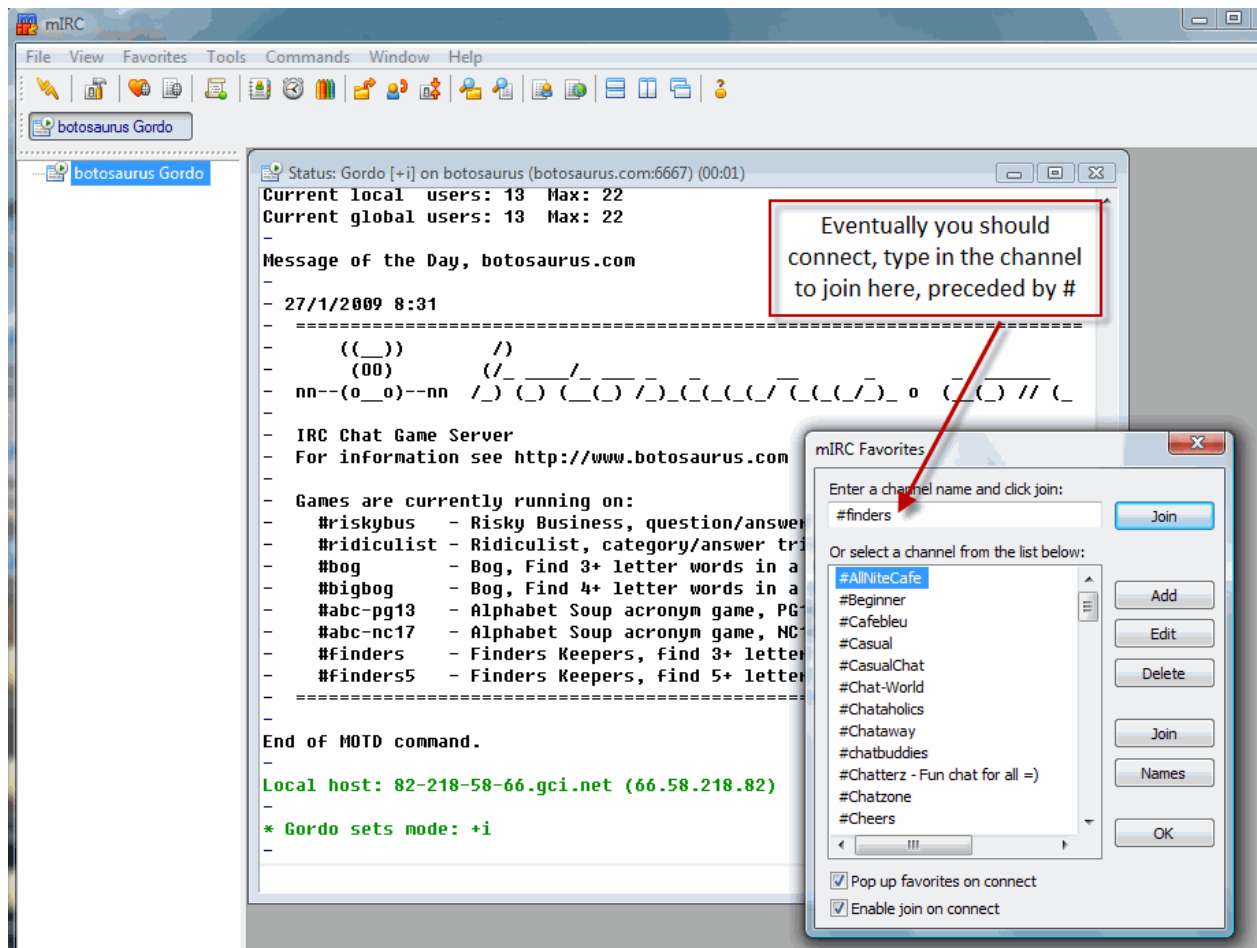

- You'll be brought back to the Options window. Click OK.

- Click on the lightning bolt to connect. It will take a minute to connect.

- Join the channel / room you want by typing in the name, preceded by a #, e.g. “#finders” or “#finders5”

You should be able to play! The next time you start mIRC it should remember your settings so you can start by clicking on the lightning bolt icon.
